PFB 3433 Interface bar 3315 mm black

The PFB 3433 interface bar is part of a unique and flexible system that is ideal for video wall setups and in-line menuboarding. With this modular concept, based on Connect-it, you can create a video wall solution for almost every set-up requirement.
The video wall consists of interface bars (PFB 34xx) and one set of multi directional (3D) adjustable interface display strips (PFS 35xx) per display. Vogel's offers 3 different lengths of interface bars varying from 1900 to 3300 mm and two different interface display strips with VESA 400 mm and 800 mm.

PFB 3433 Interface bar 3315 mm black

The PFB 3433 interface bar is a part of the modular Connect-it system which can be used for ceiling, floor and wall mounting. The PFB 3433 with a length of 3300 mm is ideal for mounting multiple displays. The PFB 3433 can be used in combination with other interface bars of the PFB 34xx series by using the interface bar coupler (PFA 9104).
The advantage of the modularity is that you create almost any desirable length without cutting
